1 Urus niaga yang dimasukkan di dalam Belanjaan Biasa sekarang mencerminkan dengan lebih tepat kedudukan sebenar akaun semasa Kerajaan iaitu:  
(a) pindahan-pindahan di antara akaun Kerajaan adalah ditunjukkan atas asas kasar, dan (b) pindahan-pindahan ini telah diseimbangkan dengan potongan bersih dalam proses penyatuan. Tambahan pula, pinjaman-pinjaman yang dibuat daripada Belanjaan Biasa dan Belanjaan Pembangunan adalah sekarang diasingkan.  
2 Angka-angka suku tahunan adalah awalan.  
3 Termasuk hasil Kumpulan Wang Penjelaj tetapi tidak termasuk pembayaran balik pinjaman oleh kerajaan-kerajaan negeri dan badan-badan berkanun.  
4 Tidak termasuk pindahan antara akaun seperti Kumpulan Wang Pembangunan.  
5 Termasuk ambilan dari Kemudahan Pembiayaan Pampasan dan Stok Penimbal IMF.  
6 Termasuk hasil daripada penjualan harta dan getah daripada kerajaan dan organisasi asing.  
7 Termasuk perubahan-perubahan dalam baki-baki Kumpulan Wang Amanah Kerajaan. Tanda tolak menunjukkan penimbunan harta-harta.  
8 Pada masa tertentu, data pembiayaan dalam negeri melalui sumber perbankan adalah berbeza daripada Jabatan Akauntan Negara disebabkan perbezaan masa transaksi direkodkan.  
Jumlah tidak semestinya tepat disebabkan oleh pengenaan.

Nota: Kalendar siaran awal bagi kategori data ini boleh didapati di laman web DSBB-IMF (<http://dsbb.imf.org>).  
Sumber: Jabatan Akauntan Negara

1 Transactions included in the Ordinary Budget now reflect more accurately the true position of the current account of the Government in that: (a) transfers between government accounts are shown on a gross basis, and (b) these transfers are netted off in the process of consolidation. Furthermore, loans made from the Ordinary Budget and the Development Budget are now separated.  
2 Quarterly figures are preliminary.  
3 Include Sinking Fund revenue but exclude loan repayments by state governments and statutory authorities.  
4 Excludes intra-account transfer such as Development Fund.  
5 Include use of IMF Compensatory and Buffer Financing Facilities.  
6 Include proceeds from the sale of assets and grants from foreign government and organisations.  
7 Include changes in Government Trust Fund balances. A minus sign indicates the accumulation of assets.  
8 In some instances, data on domestic financing from banking sources and the Accountant General would differ due to the differences in timing when the transactions were recorded.  
Numbers may not add up to total due to rounding.

Note: An advance release calendar for this data category is published on the IMF's Dissemination Standards Bulletin Board (<http://dsbb.imf.org>).
