

THE THIRD SERIES OF MALAYSIAN COINS

The design of the third series of Malaysian coins draws its inspiration from distinctive elements that define Malaysian culture and heritage. The theme, 'Distinctively Malaysia', features motifs from traditional crafts and flora and fauna. The coins reflect the diversity and richness of Malaysia's national identity.

50 sen coin **Sulur Kacang**

The 'sulur kacang' (pea tendrils) motif featured on the new 50 sen coin is popular among traditional woodcarvers and silversmiths.

20 sen coin **Bunga Melur**

Culturally significant among the three major races in Malaysia, the 'bunga melur' (jasmine flower) is featured on the new 20 sen coin.

10 sen coin **Orang Asli Motif**

The heritage of the 'orang asli' (aboriginal tribes) of Malaysia is represented by the unique weave pattern of the Mah Meri tribe on the new 10 sen coin.

5 sen coin **Destar Siga**

An indigenous form of fabric weaving that originates from the Kadazan Dusun tribe in Sabah, the 'destar siga' adorns the face of the new 5 sen coin.
